1 LOVE DOG RESCUE

Plan a useful team volunteer day

A planning worksheet for an initial conversation with Justin. Nothing is booked until the rescue confirms it.

☐ Your group and skills

Group name, contact, estimated size, adult supervisors, skills, accessibility needs, and preferred type of activity.

☐ The actual rescue need

Ask about a current approved supply item, event support, professional services, sorting, photography, video, or another useful project.

☐ The practical plan

Agree on date, time, location, age requirements, roles, preparation, expenses, and who provides materials.

☐ Working around animals

Animal handling and site access require an individual agreement. Do not bring unapproved visitors, children, or pets.

☐ Before making an announcement

Confirm the final activity, responsibilities, publicity permissions, contact method, and cancellation or weather plan.
